TERRITORIAL SPORTSMEN, INC.

The Territorial Sportsmen, Inc. is a Juneau based outdoor/conservation organization of about 1,000 members. The organization promotes wise use of Alaska's resources and the continued availability of activities such as hunting, fishing, boating, trapping, shooting, archery, hiking, camping, wildlife viewing and other outdoor pursuits.

TSI has sponsored the annual Golden North Salmon Derby for 77 years and has provided over 2 million in scholarships to local students from the proceeds.

TSI has also participated in assisting local federal and state agencies in providing traditional cabin and emergency shelters in Northern Southeast Alaska. TSI assisted in the construction of the Juneau Archery/Firearm Indoor Range, actively promotes & supports hunter education, youth shooting & archery programs, shooting classes for women, & firearms safety programs & competitive shooting programs in middle schools in Southeast Alaska in cooperation w/ the Juneau Shooting Sports Foundation.

ALASKA OUTDOOR COUNCIL

The Alaska Outdoor Council enjoys the membership of 51 Alaska outdoor clubs with a collective membership of over 10,000 Alaskans whose interests include fishing, hunting, trapping, public access and conservation of the habitats upon which they depend. The AOC's vision is to unite the voices of the membership and member clubs to effectively represent their outdoor interests in all facets of public policy.

The Alaska Outdoor Council also has a sister organization, The Alaska Fish and Wildlife Conservation Fund (ACF). The ACF is responsible for public education and litigation on public interest issues.

JUNEAU SHOOTING SPORTS FOUNDATION

The Juneau Shooting Sports Foundation (JSSF) is a non-profit, tax deductible organization created to promote the education, safety and competitive use of firearms. Special emphasis has been to help raise funds promoting hunter education and the competitive use of firearms by the local school systems. JSSF also focuses on maintaining a list of trained range safety officers and the use and maintenance of the local Indoor Range facility.
